

Privacy Policy

Effective Date: October 4, 2026

Last Updated: October 4, 2026

This Privacy Policy explains how RajnishSystems ("we", "us", or "our") collects, uses, and discloses your information when you interact with our AI-powered chatbot (the "Service").

1. Information We Collect

When you interact with our chatbot, we collect specific types of information to provide and improve the Service. This includes both information you provide directly and information collected automatically.

A. Information You Provide Directly

- **Chat Transcripts:** We record the text, questions, and prompts you submit to the chatbot, as well as the chatbot's responses.
- **Personal Information:** If you voluntarily provide personal data during the conversation (such as your name, email address, phone number, or account ID), this information is captured within the chat transcript. *We strongly advise against sharing sensitive personal information (e.g., financial data, health records, or passwords) in the chat.*
- **Feedback:** Any ratings, feedback, or surveys you complete regarding your chatbot experience.

B. Automatically Collected Information

- **Usage Data:** We collect metadata about your interaction, including chat duration, timestamp, and the specific features you use.
- **Device & Connection Data:** IP address, browser type, operating system, and device identifiers to ensure compatibility and security.

2. How We Use Your Information

We use the collected information for the following professional and operational purposes:

- **To Provide the Service:** To process your queries, generate relevant responses, and maintain the functionality of the chatbot.
- **To Improve Our AI:** To train, fine-tune, and improve the underlying natural language processing models. (Note: Data used for training is typically aggregated and anonymized where possible).
- **Customer Support:** To allow our human support agents to review chat histories and assist you effectively if your query is escalated.
- **Security and Compliance:** To monitor for abuse, prevent fraudulent activity, and enforce our Terms of Service.

3. How We Share Your Information

We do not sell your personal information or chat transcripts to third parties. We may share your data only in the following circumstances:

- **OpenAI and Model Training:** We share your chat transcripts and interaction data with our third-party AI provider, OpenAI. Please be aware that OpenAI will use this data to train, fine-tune, and improve their artificial intelligence models.
- **Other Service Providers:** We employ other third-party companies (e.g., cloud hosting providers) to facilitate our Service. These parties have access to your data only to perform these tasks on our behalf and are obligated not to disclose or use it for any other purpose.
- **Business Transfers:** If we are involved in a merger, acquisition, or asset sale, your information may be transferred as a business asset.
- **Legal Requirements:** We may disclose your data if required to do so by law, or in response to valid requests by public authorities (e.g., a court or a government agency).

4. Data Retention

We retain your chat transcripts and associated data only for as long as is necessary for the purposes set out in this Privacy Policy.

- **Routine Chat Logs:** Chat history is securely stored for a period of **[Insert Timeframe, e.g., 90 days]** to provide context for ongoing customer service inquiries, after which it is either deleted or irreversibly anonymized.
- **Account-Linked Data:** If your chat session is authenticated and linked to your user account, the transcripts may be retained for the lifetime of your account to maintain a comprehensive support history.
- **Legal Compliance:** We may retain specific data for longer periods if required for legal, tax, or regulatory compliance.

5. Data Security

The security of your data is important to us. We implement robust, industry-standard technical and organizational measures to protect your information, including:

- **Encryption:** All chat data is encrypted in transit using TLS (Transport Layer Security) and encrypted at rest on our secure servers.
- **Access Controls:** Strict role-based access controls ensure that only authorized personnel can access chat logs, and solely for troubleshooting or support escalation.

However, please remember that no method of transmission over the Internet or method of electronic storage is 100% secure. While we strive to use commercially acceptable means to protect your Personal Data, we cannot guarantee its absolute security.

6. Your Privacy Rights

Depending on your location (e.g., under the GDPR in Europe or the CCPA/CPRA in California), you may have specific rights regarding your personal information:

- **The Right to Access:** You can request copies of your personal data and chat transcripts.
- **The Right to Deletion:** You can request that we delete the personal data we have collected about you, subject to certain legal exceptions.
- **The Right to Rectification:** You have the right to request that we correct any information you believe is inaccurate.
- **The Right to Opt-Out:** You may request that your chat data not be used for AI model training or analytics purposes.

To exercise any of these rights, please contact our Data Protection Officer using the information provided in the Contact section below. We will respond to your request within the timeframe required by applicable law.

7. Children's Privacy

Our chatbot is not intended for use by anyone under the age of 13 (or 16 in certain jurisdictions). We do not knowingly collect personally identifiable information from children. If you are a parent or guardian and you are aware that your child has provided us with personal data, please contact us so that we can take necessary actions to remove that information from our servers.

8. Changes to This Privacy Policy

We may update our Privacy Policy from time to time to reflect changes in our practices, technology, or legal requirements. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Effective Date" at the top of this document.

You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page.
